Safety, Security, and a Passion for Justice

Rancho Bonito has been through a lot and it's our responsibility to come together and make this city the best that it can be. Families, Businesses, and Schools can achieve the impossible together. The Police Department of Rancho Bonito is grateful to its citizens and superheroes for their hard work and dedication in bringing back the spirit of this fair city over the last months. It is our hope that we can help you all feel safer and more secure as we start a new life with the Triad government.

Please join us as we shape the city to become a beacon of justice, security, and peace. Only by working together can we make this city great again.

Thank you to the Quintons and Fae as they assist us in bringing peace and prosperity back to our world after the Ta'anari Invasion.

Chief Blanchard
